

## **NTRglobal North America Becomes Green Business Alliance Greenified**

*Remote solutions provider implements changes to boost environmental sustainability*

**Dallas, TX – May 15, 2008** – NTRglobal, an innovative leader in remote support and remote administration solutions, announced today that it is officially a “Greenified” company. With the guidance of Green Business Alliance, NTRglobal has successfully implemented specific practices that will benefit the environment and its employees through the integration of environmental stewardship into daily business practices.

“NTRglobal is committed to doing our part to help address global warming,” said Andre Angel, CEO of NTRglobal North America. “We are pleased that Green Business Alliance has enabled us to meet our company’s environmental goals. We believe that our work to greenify our organization will help the environment and will provide an impressive differentiator for prospective customers who are considering using our services. It can also be a meaningful tool for retaining our current customers.”

In making the corporation “Greenified”, NTRglobal has made changes to its daily business practices as they relate to copying, printing, recycling, energy use and more.

“We are proud to support NTRglobal’s commitment to greenify their daily business practices,” said Hilary Kusel, Executive Director of Green Business Alliance. “The corporate community has an unprecedented opportunity to lead employees and subsequently our citizenry to a greener future. NTRglobal’s efforts demonstrate how a software company can make a positive impact in the community and on our environment.”
